This table shows companies who supply weapons to the Israeli Defence Forces which also have operations in Australia as of Jan 2024. This does not necessarily mean these products are directly exported from Australia to Israel, only that the IDF use the company’s products, and that company also operates in Australia. Due to lack of transparency this list should not be taken to be exhaustive.

<table>
<thead>
<tr>
<th>Company</th>
<th>Product</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Boeing</strong></td>
<td>AH-64 Apache, F-15E Strike Eagle</td>
</tr>
<tr>
<td><strong>BAE Systems</strong></td>
<td>M113 Armoured Personnel Carrier, M88 Recovery Vehicle</td>
